

# School lunch journey.

We invest time, effort and our expertise to deliver a service that exceeds the expectations of schools, children, and parents.

Welcoming Glanmore Foods to your school couldn't be simpler, we will be with you every step of the way.

## 1 Survey

First Up: We will carry out a thorough site survey to scope out any works or equipment required to deliver our hot lunch food offer.

## 2 Set up

Next, we'll oversee the commissioning works to install regenerative ovens and any essential equipment.

## 3 Recruit

We'll recruit and train a dedicated onsite operative to manage the seamless integration of our services into your school.

## 4 Launch App

Parents, teachers and students place their first meal orders through Glanmore Food's dedicated meal-ordering App.

## 5 Deliver

Once prepared, the food is placed into in a refrigerated van fleet to keep the food super fresh and our drivers operate through the night to deliver your school meals.

## 6 Serve

Our on-site operative will heat the meals before organising them to ensure the correct distribution to each classroom or designated area. We also maintain a pool of relief staff who can readily step in at short notice.

## 7 Manage Waste

We'll provide brown bins and compostable bags to dispose of food waste and arrange your weekly waste collection.

## 8 Enjoy!

Sit back...  
Relax...  
And enjoy your well-earned meal.
